TERMINATION OF WASTE CHEMICAL CONSENT ORDER - KN-067-02

Dear Mr. Schieffelin:

In accordance with Paragraph 59 of the Waste Chemical Compliance Order on Consent (Number 97-08-21-02) (Order on Consent), the U.S. Department of Energy – Rocky Flats Field Office (DOE-RFFO) and Kaiser-Hill Company, LLC (K-H) are hereby notifying the Colorado Department of Public Health and Environment (CDPHE) that all commitments required by the Order on Consent have been completed. This letter will document the termination of the Order on Consent.

Paragraph 59 states:

Except as to Excluded Chemicals, this Order on Consent shall terminate for each Facility Group when the work contemplated in the Waste Chemical Plan for that Group is completed. As to Excluded Chemicals, this Order on Consent shall terminate when each chemical is transferred into another enforceable regulatory mechanism (e.g., Compliance Order, permit, etc.) or when all Excluded Chemicals are managed, stored or disposed of in accordance with the requirements of the Act and Regulations.

All actions have been completed for the original 21 Facility Groups described in the Chemical Management Plan. Please reference letter 99-DOE-03459 (Attachment 1).

At this time, there are two remaining active Chemical Exclusion areas (Attachment 2) whose management requirements have been transferred to another enforceable regulatory mechanism. Of the two exclusion areas, one is located in Building 776 and one is located in Building 777. The management requirements for the two Exclusion areas have been transferred to the Building 776/777 Closure Project Decommissioning Operations Plan. All of the remaining Chemical Exclusion areas have been closed.

Although the Order on Consent is a self-terminating agreement, DOE-RFFO and K-H request CDPHE's written concurrence that the Order on Consent has been closed. If you concur, please sign below. We look forward to your written response regarding this request.

If you have any questions or need additional information please contact Mark Hesel at 303-966-2238.

CLOSURE LETTER FOR WASTE CHEMICAL CONSENT ORDER - KN-105-99

Dear Mr. Schieffelin:

In accordance with Paragraph 59 of the Waste Chemical Consent Compliance Order on Consent (Number 97-08-21-02) (Order on Consent), the Department of Energy and Kaiser-Hill Company, L.L.C. hereby notify the Colorado Department of Public Health and Environment that all 21 Facility Groups were completed 8 months ahead of schedule. Verifications were completed 5 1/2 months ahead of the December 31, 1999 completion date. The completion letters for all 21 groups are attached for your reference.

All actions required by the Order on Consent have been completed (waste chemicals packaged for disposal, placed into compliant storage, etc.) and remaining waste chemicals are being managed in compliance with RCRA, except for those areas which remain under the management requirements of an approved exclusion area. The Order on Consent for chemicals remaining in the approved excluded areas will terminate when each chemical is transferred into another enforceable regulatory mechanism (e.g., permit, closure, etc.), as provided by Paragraph 22 of the Order on Consent.
